Allowable Subject Matter

Upon review of the decision by the BPAI and reconsideration of the prior art, the examiner has determined that the claims are allowable for the following reasons:

The prior art does not teach or fairly suggest a method of detecting urinary pathogens in a biological sample comprising at least three types of medium wherein one medium is a uropathogenic specific medium, defined on page 12 of the instant specification as one which allows only the growth of primary urinary gram negative pathogens and another medium comprises BOTH the uropathogenic specific medium and antimicrobial agents to which susceptibility of the uropathogens is determined, AND wherein all media comprise a signal generating substrate which, when metabolized, indicates the presence of microbial organisms.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 20-24, 26, and 31-43 are allowed.
